

Alabama Energy Policy (SB33) Status, Opportunity and Plan

SB33 passed without opposition and is now law.

So what does this mean for EH members?

- ✓ State support for residential energy programs
- ✓ More state purchasing of energy efficient products
- ✓ Energy efficiency projects in state owned buildings
- ✓ State funding for studying state energy needs
- ✓ Influence state energy goals and policy decisions
- ✓ Support the use of farm based energy products

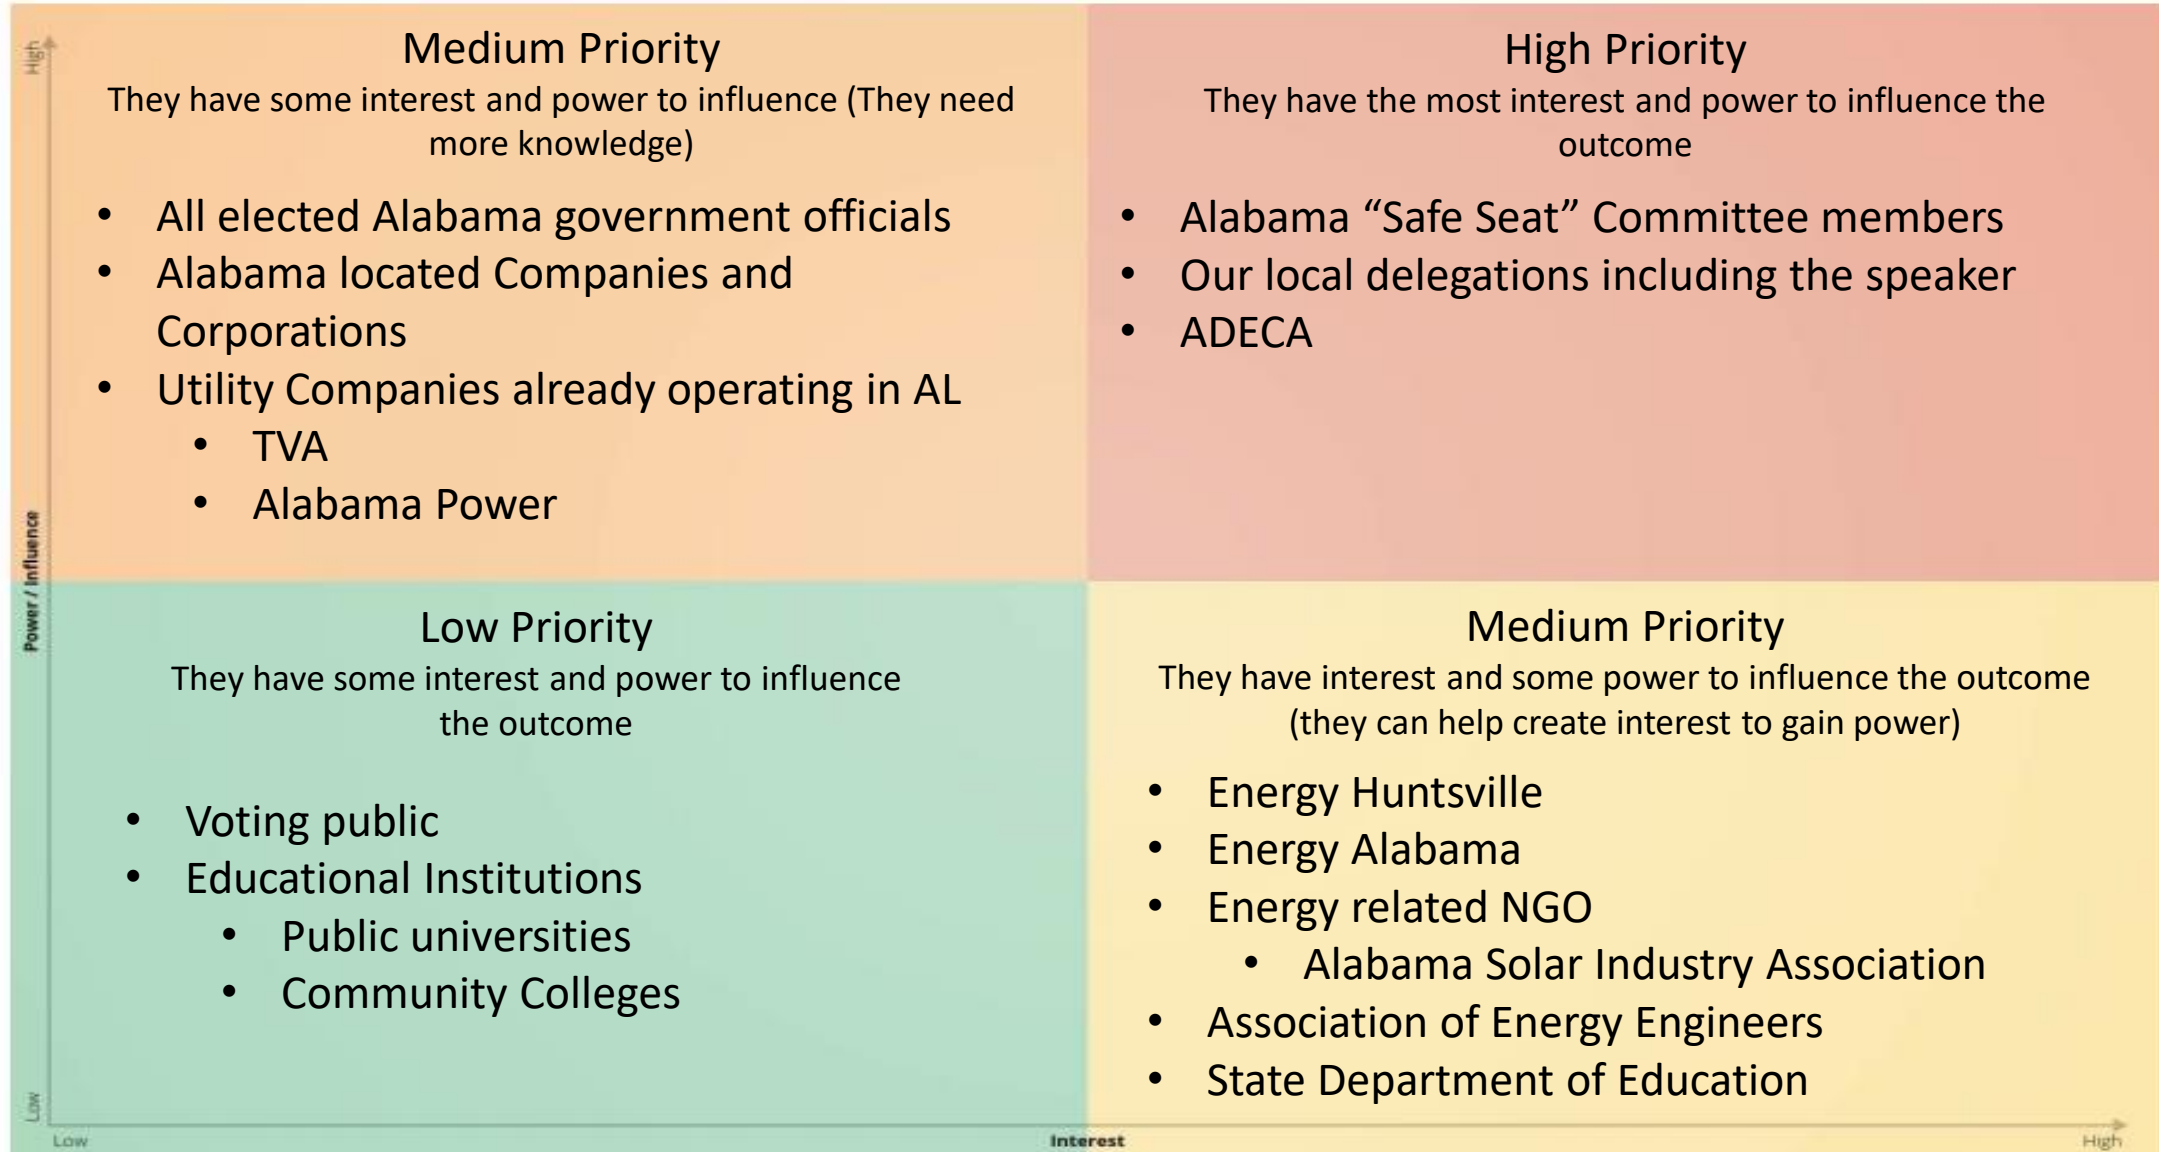

So what is the EH Strategic Plan

- A meeting for contacts to discuss these items
- Turning our current contacts into stakeholders
- Find common interests with stakeholders
- Secure joint commitments with stakeholders
- Work with stakeholders to do actual pilots
- Use the pilot results for the implementation plan
- Present a unified plan to likely committee members
- Present the plan and gain support later this summer
